

COMMUNICATION UPDATES FROM SANTI APOSTOLI

Dear Friends,
I wanted to inform you all of our new style of communicating updates and news from our community, and ask your help to improve our methods.

FREQUENCY AND FORMAT

Normally, there will be a once a week, one page, message sent to keep you well informed of opportunities, remind you of our plans together, and hopefully be a source of inspiration and joy!

DISTRIBUTION

The same one-page communication will be sent via WhatsApp, E-mail, Facebook, and on our website under the "latest announcement" button on the homepage. For the WhatsApp and E-mail messages we have secured a way for your contact information not to be seen by others.

HOW YOU CAN HELP

There are three ways that we could use your help:

1. **Share with Friends.** Forward the communications to friends
2. **If you want to be removed from the list,** simply respond to the message saying "please remove my email\phone number from your communications list."
3. **Help us update.** If you would like to receive this message via Whatsapp or E-mail please send us your info. (all contact information will be used for the sole purpose of these communications and never shared with others).
